9 1. This case does not litigate the merits of the armed conflict in Gaza or the merits of protest
10 or counter-protest movements responding thereto. Nor is this case about the content or viewpoints
11 contained in any protest or counter protest slogans or other expressive conduct, which are
12 generally protected by the 1st amendment. See *Virginia v. Black*, 538 US 343, 358 (2003) ("The
13 hallmark of the protection of free speech is to allow free trade of ideas - even ideas that the
14 overwhelming majority of people might find distasteful or discomforting").

15 2. But the free exercise clause provides that "Congress shall make no law... prohibiting the
16 ['free exercise of religion']." U.S. Const., amend. I; see also *Cantwell v. State of Connecticut*,
17 310 U.S. 296, 303 (1940) (recognizing the Free exercise clause extends to the States under the
18 Fourteenth Amendment). The clause "protects religious observers against unequal treatment and
19 subjects to the strictest scrutiny laws that target the religious for special disabilities based on their
20 religious status. (See *Trinity Lutheran Church of Columbia, Inc. v. Comer*, 582 U.S. 449, 458
21 (2017) ("The Free Exercise Clause 'protects religious observers against unequal treatment and
22 subjects to the strictest scrutiny laws that target the religious for special disabilities based on their
23 religious status"). *Carson v. Makin*, 596 U.S. 767, 778 (2022) ("[W]e have repeatedly held that a
24 state violates the free exercise clause when it excludes religious observers from otherwise
available public benefits.").

25 3. The material undisputed facts are these:

26 In the year 2024, in the United States of America, in the State of California, in the City
27 of Los Angeles, Jewish students and faculty - including the individual Plaintiffs and
28 putative classes - were excluded from portions of the USC campus because they

1 refused to denounce their faith. This fact is so unimaginable and so abhorrent to our
2 constitutional guarantee of religious freedom that it bears repeating: *Jewish students*
3 *and faculty were excluded from portions of the USC campus because they refused to*
4 *denounce their faith.*

5 4. USC does not dispute the facts alleged hereinabove but asserts that USC
6 has no responsibility to protect the religious freedom of its Jewish students because the
7 “Encampment” or “*Jew Exclusion Zone*” alleged in this Second Amended Complaint (“SAC”)
8 was engineered by third party “lawful protesters.” But under constitutional principles, USC may
9 not allow services to some students when USC knows that other students are excluded on
10 religious grounds, regardless of who engineered the “Jew Exclusion Zone.” It is a flagrant
11 disregard of Plaintiffs’ constitutional rights under the Free Exercise Clause.

12 5. USC not only tolerated, encouraged, aided, abetted, enabled, and indirectly funded (along
13 with other taxpayers) the “Jew Exclusion Zone,” but also invited and hired many of the Jew-
14 hating organizers to the USC campus to lecture students. USC also enabled these so-called third
15 party “protesters” by providing them with megaphones, food, encouragement and water bottles
16 that were used as projectiles against Jews in an attempt to further harm Jewish USC students,
17 faculty and others who tried to seek entrance without denouncing “Zionism.” (True and correct
18 depictions of the USC “Jew Exclusion Zone” are in the I Phone photographs attached hereto as
19 Exhibit “A”).

20 6. As further alleged in this SAC, the “third party protestors” in fact were a mob of
21 antisemitic thugs (hereinafter referred to as the “Campus Terrorists”) and the Jew Exclusion Zone
22 was created, funded, and orchestrated by a number of so-called outside agitators – including the
23 George Soros, Tides Foundation and Rockefeller Brothers – and included were comprised of not
24 only Jew-hating students, but also faculty members and more importantly, outside, third-party
25 “agitators” who do not even attend USC. USC not only facilitated the Jew Exclusion Zone it
26 allowed this to happen, acquiescing in the antisemitism with knowledge that the harm to Plaintiffs
27 and destruction of property was virtually certain to occur, since USC knew or certainly should
28 have known that the antisemitism and hatred of Jews that gave rise to the exclusion zone was

1 being exported to West Coast universities and colleges from liberal “Ivy League” colleges and
2 well-organized hatemongers on the East Coast and Democratic Party and other donors who were
3 funding the sieges, occupations and operations taking place at college campuses en masse in the
4 Spring of 2024 and continues to this day.

5 7. USC had plenty of historical precedent to rely on. What started as an isolated
6 movement of antisemitic “protests” on East Coast campuses like Columbia, NYU and George
7 Washington University about the ongoing Gaza conflict between Israel and Hamas turned into
8 multiple instances of “Jewish Exclusion Zones” and similar ad hoc but well-funded
9 “Encampments” that excluded Jewish students and faculty at college campuses across America.
10 Discriminating against and excluding Jewish students festered like a malignant cancer, spreading
11 across university campuses with almost daily reports of different new colleges and universities
12 coming under attack. And the attacks were clearly well-organized. Among other things, “tents”
13 and other structures erected by the Campus Terrorists all looked the same and came from the
14 same expensive suppliers, and the “protest signs” all carried the same obnoxious Hamas
15 propaganda and carefully designed slurs and slogans against Jews that are well known to most
16 Americans by now, such as ““from the River to the sea, Palestine will be free,” “freedom for
17 Palestine,” “divest from death,” and related propaganda.

18 8. USC did nothing to discourage antisemitism on its campus but rather facilitated it and
19 appeased the Campus Terrorists. Among other things, USC invited and tolerated Jew-hating and
20 Hamas supported organizations like “Justice for Palestine” (“JFP”) and “Jewish Voices for
21 Peace” (“JVP”) to set up offices on campus for the purpose of spewing Jewish hatred and Hamas
22 sponsored antisemitic propaganda to USC students and faculty. USC also allowed alleged
23 “protesters” to roam freely at the USC campus while concealing their identities with face masks,
24 sunglasses and the traditional Keffiyeh scarves, denouncing Jews and advocating their harm,
25 death, eradication, and destruction such that it became business as usual. Instead of calling the
26 LAPD or campus security to step in and remove the trespassers and quell the clear disturbance on
27 campus caused by the Jew Exclusion Zone, USC provided them with megaphones, food, and
28

1 water bottles that were used as projectiles and weapons against Jewish students and others
2 attempting to seek entrance to the Jew Exclusion Zone.

3 9. This SAC and the original pleadings in this action are replete with allegations that
4 Plaintiffs and other Jewish students and faculty were denied access or the same access to
5 ordinarily available programs, activities, and campus areas based on their sincerely held religious
6 beliefs. Under constitutional principles, USC cannot allow services to some students when USC
7 knows that other students are excluded on religious grounds - regardless of who engineered the
8 exclusion.

9 10. One of the Southern California campuses that the Jew-hating cancer spread to was and
10 is UCLA. In a case filed by Jewish students against UCLA for similarly permitting, encouraging
11 and tolerating the creation, establishment and maintenance of a virtually identical “Jew Exclusion
12 Zone” on UCLA’s Westwood campus, The United States District Court, Honorable Mark C.
13 Scarsi, issued an injunction in favor of Jewish students and against UCLA enjoining any further
14 antisemitic action and inaction by UCLA in *Frankel v. Regents of the University of California*,
15 United States District Court No. 2:24-cv-04702-MCS-PD (“Frankel”). (A true and correct copy
16 of the Court’s “Order Re: Motion for Preliminary Injunction (ECF No. 48) is attached hereto as
17 Exhibit “B” and incorporated herein by this reference). Pursuant to Local Rule 83, Plaintiffs have
18 filed concurrently with this SAC a “Notice of Related Case” with respect to Frankel because
19 Plaintiffs assert that both cases arise out of the same set of facts, transaction or occurrence –
20 namely, the spread of a pattern and practice of rampant antisemitism at Southern California
21 university and college campuses and university and college administrators enabling Campus
22 Terrorists sponsored by Hamas – a designated foreign terrorist organization since 1997 -- to
23 create unconstitutional “Jew Exclusion Zones” and perpetrate and cause other harmful conduct
24 against Jewish students and faculty on American college campuses.

25 11. On November 5, 2024, Donald J. Trump was elected in a mandate to replace Joseph R.
26 Biden as President of the United States (“President Trump”). On January 29, 2025, President
27 Trump issued an executive order identifying additional measures that his government intends to
28

1 take to combat anti-Semitism (the “Executive Order”). (A true and correct copy of the Executive
2 Order is attached hereto as Exhibit C). Among other things, the Executive Order states that:

3 “It shall be the policy of the United States to combat anti-Semitism vigorously, using
4 all available and appropriate legal tools, to prosecute, remove, or otherwise hold to
5 account the perpetrators of unlawful anti-Semitic harassment and violence.”

6 *Id.*

7 12. The Executive Order also reaffirmed President Trump’s prior executive order against
8 antisemitism and noted that the Biden administration effectively nullified his prior order to
9 protect American Jews to the same extent to which all other American citizens are protected. The
10 [new] Executive Order reaffirms [President Trump’s prior order against antisemitism] and directs
11 additional measures to advance the policy thereof in the wake of the Hamas terrorist attacks of
12 October 7, 2023, against the people of Israel. The executive order correctly notes that these
13 attacks unleashed an unprecedented wave of vile antisemitic discrimination, vandalism, and
14 violence against our citizens, especially in our schools and on our campuses. The order
15 recognized that ***“Jewish students have faced an unrelenting barrage of discrimination; denial***
of access to campus common areas and facilities, including libraries and classrooms; And
intimidation, harassment, and physical threats and assault. A [House of Representatives] report
16 calls the federal government’s failure to fight anti-Semitism and protect Jewish students quote
17 ‘astounding.’ This failure is unacceptable and ends today.”

20 13. Toward that end, on March 5, 2025, the Department of Justice (“DOJ”) announced the
21 creation of a “Task Force” within the DOJ’s Civil Rights Division to investigate claims of anti-
22 Semitism against 10 college campuses in the United States including UCLA and USC. Thus, as
23 of May 5, 2025, UCLA and USC were two of the 10 colleges in the United States targeted by the
24 DOJ for federal investigation by the Task Force under allegations that they have not properly
25 addressed campus antisemitism and in particular, failed to protect Jewish students from harm.
26 Plaintiffs have notified the Task Force about their pending action and are seeking either
27 intervention or a statement of interest from the Department of Justice’s Task Force.

28 14. Unlike the Biden Administration, the former Trump Administration enforced and is once

1 again enforcing the United States' policy of designating "Hamas" as a foreign "terrorist group"
2 under federal law. Among other things, unlike USC, the United States refuses to negotiate with
3 Hamas and Hamas supporters, a lesson that USC refuses to learn. Among other things, it is
4 beyond reasonable dispute that USC organizations like "Jewish Voices for Peace" ("JVP") and
5 "Justice for Palestine" ("JFP") are sponsored and funded by Hamas, as well as Hamas supporting
6 organizations in the United States and around the World. JVP and JFP maintain offices on USC's
7 campus and use USC's internet platforms to promulgate their Jew-hating propaganda with the
8 knowledge, consent, acquiescence and encouragement of USC. USC further encouraged the
9 antisemitism and predictable "Jew Exclusion Zone" by inviting and hiring radical, left-leaning
10 Hamas supporting guest and tenured professors to lecture students in USC-sponsored classes
11 about the "war crimes" of Jews and the State of Israel. Instead of teaching courses on the subject
12 matter for which they were hired, they spewed antisemitic hate against Jews, Israel and
13 Americans. Many of these pro-Hamas lecturers and professors also canceled classes and gave
14 extra credit to students who participated in the Jew Exclusion Zone and "protests for Palestine" or
15 against "Genocide."

16 15. This case is not about "free speech" or the First Amendment rights of JVP, JFP, Hamas or
17 any other left-leaning, radical speaker or "lawful peaceful protests" but rather about the religious
18 freedom of Plaintiffs and USC's encouragement of the disparate treatment and harm Plaintiffs
19 suffered. As alleged herein, Jews were told to stay in their dorms or offices if they did not like it
20 or could not tolerate it. Jewish students and faculty members were treated as "second class
21 citizens" by USC. USC aided, abetted, encouraged, tolerated, and implemented as policy the
22 Terrorist Mob's "Jew Exclusion Zone." USC not only condoned, allowed, aided, abetted,
23 tolerated and encouraged the Jew Exclusion Zone, trespass and destruction of property on its
24 campus and open space, it became USC's standard operating procedure and policy for weeks on
25 end until President Carol Folt – in response to public pressure rather than the Trustees - belatedly
26 made the decision to call in the LAPD. As alleged herein, Jews were told to stay in their dorms
27 or offices if they did not like it or could not tolerate it. USC aided, abetted, encouraged, tolerated,
28

1 and implemented as policy the Terrorist Mob's "Jew Exclusion Zone." Under any legal theory,
2 USC's reprehensible conduct is actionable and should not be tolerated by society or this Court.

3 16. As alleged in this SAC and implied in all pleadings previously filed herein, the individual
4 Plaintiffs as well as the two putative "subclasses" (Jewish USC students and Jewish USC faculty
5 members) assert that they have sincerely held religious beliefs and obligations to support the
6 Jewish state of Israel. Thus, unlike the legacy media and far left-leaning radical Hamas
7 supporting mobs like the Terrorist Mob complained about herein who commandeered the Jew
8 Exclusion Zone, trespassed and took over public USC property during April – May 2024 (and
9 still continuing to this day, as alleged hereinbelow) -- Plaintiffs see no real distinction between
10 general "antisemitism" and "anti-Zionism." It is hatred of Jews by any name. USC not only
11 condones such hatred it sponsors it.

12 17. USC has taken no remedial action whatsoever against the thugs who created the Jew
13 Exclusion Zone, or any actions against the Terrorist Mob alleged herein. USC has not expelled
14 nor barred from the USC campus the local divisions of JVP and JFP, despite knowledge that they
15 support and are sponsored and funded by Hamas, Hamas supporters and other known and now
16 publicly designated "terrorist groups."

17 18. While violent protests at USC have been reduced since the LAPD belatedly intervened
18 in May 2024, USC has not disavowed anything that occurred and has not made any policy
19 changes or done anything to assuage Plaintiffs concerns that some Jewish students or faculty may
20 be excluded from USC's ordinarily available programs, activities, and campus areas based on
21 their sincerely held religious beliefs should other "Jew Exclusion Zones" or exclusionary
22 encampments return. Conversely, USC has not stated anywhere publicly or otherwise that it will
23 not provide ordinarily available programs, activities, and campus areas to non-Jewish students if
24 protesters return and exclude Jewish students. Courts consider a party's failure to disavow
25 "unconstitutional acts" as a factor in favor of finding standing and the likelihood of imminent
26 likelihood of future injury justifying injunctive relief, *Bland v. Fessler*, 83 F.3d 729, 737 (9th
27 Cir. 1986). USC has done nothing to minimize the risk that Plaintiffs will again be wronged by
28 their exclusion from USC's ordinarily available programs, activities, and campus areas based on

1 their sincerely held religious beliefs. Accordingly, injunctive relief is necessary and appropriate
2 at this time to remedy and combat USC's wrongs and future wrongs and to force USC to institute
3 policies that include actions to prevent future wrongs and protect Jewish students and professors.

4 19. This local action was originally filed in the Los Angeles County Superior Court seeking
5 remedies under California State law as opposed to federal law for the purpose of avoiding
6 removal and a contentious battle with USC in federal court. As a result, claims arising under 42
7 USC sections 1983 and 1985 and other federal laws were purposely not pleaded by Plaintiffs so
8 that Plaintiffs could avoid removal to federal court. Despite Plaintiffs' intention to litigate their
9 claims in the Los Angeles Superior Court and to treat this case as the "local controversy" that
10 Plaintiffs contend that it is, USC removed the action to federal court anyway under CAFA on or
11 about July 8, 2024 and filed concurrently therewith a motion to dismiss Plaintiffs' state law
12 claims ("MTD"). Seven months later, the Court affirmed the removal and on March 4, 2025
13 granted USC's MTD, giving Plaintiffs 14 days leave to amend. The Court subsequently denied
14 Plaintiffs' request on an expedited basis to add claims arising under federal law - namely,
15 Plaintiffs' claims arising under 42 USC sections 1983 and 1985. The Court did not reject
16 Plaintiffs' request on the merits but only stated that Plaintiffs would need to file a noticed motion
17 for leave to amend in order to assert their federal civil rights claims.

18 20. While the allegations in the SAC and original pleading clearly support claims under
19 federal law and Plaintiffs' request to USC was not asking it to stipulate to the viability of such
20 claims, USC refused Plaintiffs' request to consent or stipulate to adding these federal claims to
21 the SAC without the necessity of filing a motion. Simply stated, Plaintiffs were not asking USC
22 for anything more than to avoid the cost, time, expense and stress to Plaintiffs in filing the motion
23 for leave to amend. Accordingly, Plaintiffs contend that USC's unreasonable refusal to agree to
24 Plaintiffs' reasonable request to force the filing of a motion to amend further evidences their anti-
25 Jewish sentiment and animus against Plaintiffs and their claims in particular and Jewish students
26 and faculty generally. In light of USC's refusal to stipulate to the amendment, Plaintiffs are
27 concurrently with this filing also filing a motion seeking leave to amend this SAC to include
28 federal civil rights claims, including claims arising under 42 USC sections 1983 and 1985.

1 21. Regrettably, violent “protests” by the same Campus Terrorists who created the Jew
2 Exclusion Zone and their supporters are currently ongoing on campus and directly adjacent to
3 USC. While the ongoing activity does not appear to include the same religious-belief-based
4 exclusion zone as the prior encampment that gave rise to USC’s Jew Exclusion Zone and
5 Plaintiffs’ free exercise concerns, there is an imminent risk that such exclusion will return with
6 USC’s vast population of students, staff, faculty and non-USC community members. Given the
7 risk that protests will return to USC that will again restrict certain Jewish students and faculty
8 members from accessing ordinarily available programs, activities, and campus areas, Plaintiffs
9 are likely to suffer an irreparable injury absent a preliminary and permanent injunction against
10 USC’s continued antisemitic behavior.

11 22. In summary, USC made available certain of its programs, activities, and campus areas
12 when certain students and faculty, including Plaintiffs, were excluded because of their genuinely
13 held religious beliefs. For example, Plaintiff DOE Faculty Member 2004 was accosted in the
14 public square outside of the encampment by thugs shouting violent chants of “death to Jews,”
15 “death to Israel,” “death to America, and denied access by demands to disavow the faculty
16 member is a “Zionist” and did not support the “Israeli death war machine.” Plaintiff student -
17 who uses the USC campus to study - faced the same type of violent harassment in order gain
18 access to the public areas of the USC campus that non-Jewish students were given full access to.
19 Given that violent protests will return to USC’s campus that will again restrict certain Jewish
20 students and faculty members access to ordinarily available programs, activities, and campus
21 areas, Plaintiffs are likely to suffer an irreparable injury absent a preliminary injunction.

22 23. Plaintiffs seek an injunction that requires, in part, that if any part of USC’s ordinarily
23 available programs, activities, and campus areas become unavailable to certain Jewish students or
24 faculty, USC must stop providing those ordinarily available programs, activities, and campus
25 areas to any students and faculty. This is the same injunction that the Court issued in *Frankel*.

26 24. Plaintiffs submit that USC’s conduct alleged herein and below is even more reprehensible
27
28

1 than the offensive conduct by UCLA in this clearly “related” case under Local Rule 83. Since
2 this case arises out of a virtually identical set of facts, transactions and circumstances, the Court
3 should issue a similar injunction.

4 25. While violent protests at USC have been reduced since the LAPD belatedly intervened
5 in May 2024, USC has not disavowed anything that occurred and has not made any policy
6 changes or done anything to assuage Plaintiffs concerns that some Jewish students or faculty may
7 be excluded from USC's ordinarily available programs, activities, and campus areas based on
8 their sincerely held religious beliefs should other “Jew Exclusion Zones” or exclusionary
9 encampments return. Conversely, USC has not stated anywhere publicly or otherwise that it will
10 not provide ordinarily available programs, activities, and campus areas to non-Jewish students if
11 protesters return and exclude Jewish students. Courts consider a party's failure to disavow
12 “unconstitutional acts” as a factor in favor of finding standing and the likelihood of imminent
13 likelihood of future injury justifying injunctive relief. *Bland v. Fessler*, 83 F.3d 729, 737 (9th
14 Cir. 1986). USC has done nothing to minimize the risk that Plaintiffs will again be wronged by
15 their exclusion from USC's ordinarily available programs, activities, and campus areas based on
16 their sincerely held religious beliefs. Accordingly, declaratory and injunctive relief is necessary
17 and appropriate at this time to remedy and combat USC's wrongs and future wrongs and to force
18 USC to institute policies that include actions to prevent future wrongs and protect Jewish students
19 and professors. USC's refusal to permit Plaintiffs to amend the SAC to include federal claims
20 under 42 USC sections 1983 and 1985 speaks volumes and corroborates that USC has no interest
21 or intention in remedying these past or future wrongs. This fact is further evidenced by the Task
22 Force's recently announced investigation as well as USC's past remedial action of demanding
23 that Jewish students and faculty remain in their dorms or offices to avoid the Jew Exclusion Zone.
24 and permanent injunction against USC's continued antisemitic behavior.

25 26. Plaintiffs have filed concurrently herewith a Motion for Leave to File a Third Amended
26 Complaint (“TAC”) that seeks to assert additional claims under 42 USC sections 1983 and 1985,
27 without prejudice to USC's right and ability to challenge Plaintiffs' claims. Plaintiffs are hopeful
28

1 that USC will grant Plaintiffs' reasonable request to assert and allege such federal claims now that
2 the Court's federal jurisdiction has been established.

3 **STATEMENT OF THE CASE**

4 27. Plaintiffs incorporate herein by this reference each and every allegation set forth in
5 paragraphs 1 through 26 of this SAC as if fully set forth at length herein.

6 28. Defendant the University of Southern California ("USC"), once considered among the
7 most prestigious public institutions in the world, has deteriorated into a hotbed of anti-Semitism,
8 confirming for the public that USC's well-known historical antisemitism has not abated at all.
9 This rampant anti-Jewish environment burst into view on October eight, 2023, the day after
10 Hamas terrorists attacked Israel in a harrowing rampage that saw over 1000 innocent Jews,
11 including infants and the elderly, murdered, raped, and mutilated..

12 29. In the wake of these horrifying events, USC should have taken steps to ensure that its
13 Jewish students and faculty were safe and protected from harassment and undeterred in obtaining
14 full access to campus facilities. Instead, USC officials routinely turned their backs on Jewish
15 students and faculty, aiding and abetting a culture that has allowed calls for the annihilation of the
16 Jewish people, Nazi symbolism, and religious slurs to go unchecked and unabated. During the
17 siege by the Campus Terrorists and creation of the "Jew Exclusion Zone," USC went so far as to
18 tolerate Nazi swastikas that Jew-haters sprayed on USC property. (A true and correct copy of a
19 color photograph of a swastika on a USC entry gate taken by one of the Plaintiffs during the siege
20 and occupation of USC is attached hereto as Exhibit "E") and incorporated herein by this
21 reference).

22 30. Matters turned especially ugly the following spring.

23 31. In the Spring of 2024 -- fearful of demonstrations that had sprung up at other campuses,
24 including Columbia, NYU, George Washington University and other East Coast repercussions
25 from "diversity and equity" leaders and the cutting off of university funding by the Hamas-
26 supporting Biden Administration -- the Trustees of the University of Southern California
27 ("USC") (collectively "Defendant University" or "USC") decided to enact an "appeasement
28 policy" to deal with the problem and invited, encouraged, aided, abetted, permitted, allowed, and

1 subsequently negotiated with, enabled and coddled the violent sword and other weapon-wielding,
2 Jew-hating Hamas-supporting terrorist antisemites (the “Campus Terrorists”) who infiltrated and
3 overtook its Los Angeles campus, setting up tents and occupying USC’s common areas and other
4 property under the Defendant University’s watchful eyes.

5 32. USC was aware of the hatred in encampments springing up at other campuses and the
6 pattern and practice devised by outside agitators that followed a pattern and practice of division
7 and havoc sowed by outside organizations and attitudes, including JFP, JVP and other antisemitic
8 organizations that are now considered to be aligned with antisemitic and anti-America terrorist
9 groups – including most recently Hamas - that have offices on USC’s campus. These Hamas
10 sponsored (and funded) organizations also regularly participate in USC sponsored activities and
11 promulgate antisemitic material via USC’s official internet channel. (True and correct copies of
12 examples affirming USC’s sponsorship of such activities are attached hereto as Exhibit “D”).

13 33. Starting in late April 2024 and continuing several days into May 2024, USC invited,
14 permitted, coddled and allowed, through an adopted “appeasement policy,” of allowing a group
15 of “activists” – antisemitic thugs by any other definition - to set up barricades in the center of
16 campus and establish an encampment that blocked access to critical educational infrastructure on
17 campus. (These “activists” are referred to periodically herein as the “Campus Terrorists”)

18 34. The Campus Terrorists chanted anti-Semitic threats like “death to the Jews,” “free
19 Palestine from the hand of Jews,” “from the river to the sea, Palestine will be free,” proudly
20 trumpeting their hatred of the Jewish people. But their actions went well beyond such chants or
21 even the pretense of “free speech” or “peaceful protests.”

22 35. With the knowledge and acquiescence of USC officials, the campus terrorists enforced
23 what was effectively a “Jew Exclusion Zone,” segregating Jewish students and preventing them
24 from accessing the part of campus including classroom buildings and the main undergraduate
25 library. (The “Jew Exclusion Zone” is sometimes alternately referred to herein as the
26 “Encampment.” In many cases, the Campus Terrorists set up barriers and locked arms together
27 preventing those who refused to disavow Israel from passing through. (A true and correct
28 photographic depiction of the “Jew Exclusion Zone” is attached hereto as Exhibit “A”).

1 36. To enter the Jew Exclusion Zone, a person had to make a statement pledging their
2 allegiance to the Campus Terrorists' views. While this may have prevented a pro-Israel Christian
3 from entering the zone and permitted access for a Jewish person willing to comply with the
4 enforcers' demands, given the centrality of Jerusalem to the Jewish faith (see allegations below),
5 the practical effect was to deny the overwhelming majority of Jews access to the heart of the
6 campus.

7 37. The campus terrorists permitted passage to those who passed this Orwellian inquisition.

8 38. USC's administration knew about the Campus Terrorists' extreme actions, including the
9 exclusion of Jews. But in a remarkable display of cowardice, appeasement, encouragement and
10 illegality, the administration did nothing to stop it. USC chancellor president Carol Folt publicly
11 acknowledged that students had been physically blocked from accessing parts of the campus but
12 failed to call in LAPD until public outcry demanded it.

13 39. Yet even as the activists campus terrorists continued to enforce the Jew Exclusion Zone,
14 USC not only failed to marshal resources to intervene - it adopted a policy of facilitating the Jew
15 Exclusion Zone, ordering, among other things, USC campus police and security to stand down,
16 step aside and appease the Campus Terrorists.

17 40. Rather than instructing campus police and security to assist Jewish students in accessing
18 campus resources, USC instead instructed them to discourage unapproved students from
19 attempting to cross through the Encampment and other areas blocked by the Campus Terrorists.

20 41. The administration coddled the Campus Terrorists by providing them with megaphones,
21 food, water bottles and other necessities of life so they could carry on with their reign of terrorism
22 against Jewish Students and Faculty. The water bottles were subsequently used as weapons
23 against any Jews seeking to enter the public buildings including within the Jew Exclusion Zone.

24 42. All told, the Jew Exclusion Zone existed on campus for countless days and what seemed
25 to be an eternity to Jewish students and faculty used to enjoying the benefits of a campus free
26 from terrorism against Jews, wreaking havoc on the lives of Jewish students who were and are
27 simply trying to attend classes and study for exams and Jewish faculty who were trying to grade
28 exams.

1 43. As more particularly set forth in this SAC, each of the individual Plaintiffs was
2 prevented from passing through the Jew Exclusion Zone during the existence of the Encampment,
3 not to mention the exclusion of all of the Jewish students and faculty in the subclasses.

4 44. USC boasts of its open inclusive environment that nurtures the growth and development
5 of all faculty, students, administration and staff and assures students that it does not tolerate acts
6 of discrimination, harassment or conduct causing harm to individuals on the basis of race, color,
7 ethnicity, citizenship national origin, or religious beliefs. USC also has a number of policies that
8 purport to implement these guarantees. But USC has failed to provide Jewish students, faculty,
9 and staff with the protection promised by such policies. Needless to say, Jews should not fear for
10 their safety when they walk around any public space, let alone the campus of a prominent
11 American research university.

12 45. Yet here we are. The administration's cowardly abdication of its duty to ensure unfettered
13 access to USC's educational opportunities and to protect the Jewish community is not only
14 immoral - it is illegal.

15 46. Specifically, it violates numerous federal and state constitutional guarantees, including the
16 equal protection clause, the free exercise clause and the freedom of speech.

17 47. And it contravenes the basic guarantee of equal access to educational facilities that receive
18 federal funding, as well as numerous other statutory guarantees of equality and fair treatment

19 48. Plaintiffs need immediate injunctive relief to ensure that neither they nor any other Jew
20 will again suffer from the discrimination and indignity they have endured. And because the
21 administrators at USC took actions (or did nothing) which amounts to sanctioning segregation,
22 they are clearly unconstitutional actions entitling Plaintiffs to hold the school's administrators
23 personally liable for their reprehensible failures. Plaintiffs will seek leave to amend this complaint
24 pending discovery to name these individuals as defendants.

25 49. In 1790, George Washington wrote to the Hebrew congregation of Newport, Rhode Island
26 (which sought assurances about the place of Jews within American Society): "May the children
27 of the stock of Abraham, who dwell in this land, continue to merit and enjoy the goodwill of the
28 other Inhabitants; While everyone shall sit in safety under his own vine and victory, and there

1 shall be none to make him afraid" (Letter from George Washington to the Hebrew Congregation
2 in Newport, Rhode Island (Aug. 18, 1790), in Founders Online, National Archives,
3 <https://perma.cc/VUR8-G3BC>).

4 50. USC treated Jews disparately and discriminated against them. As a result, Plaintiffs
5 received a different educational experience than other USC students while elevating the Hamas
6 leaning Campus Terrorists to "heroes" under the guise of "protecting free speech." USC's
7 treatment of Jews and acquiescence to the Jew Exclusion Zones is repugnant to civilized society.

8 51. The Campus Terrorists' intent and the avowed purpose of the Encampment – clear to most
9 reasonable persons with common sense - was to create and sow division through acts of
10 disruption, chaos and dissension on the Defendant University's campus. Among other things, the
11 Campus Terrorists sought to and in fact did disrupt classes, overtook University buildings and
12 property, and most importantly, terrorized and victimized blameless Jewish Students and Faculty
13 in a rein of terror under the hoax, guise, and "cover" of engaging in peaceful protests to support
14 fictitious victims of the Israeli government's alleged "Palestinian Genocide." The hoax was
15 enabled by and perpetrated under the Defendant University's watchful eyes to such an extent that
16 the Jewish Students and Faculty were so fearful for their lives and safety that they could not
17 appear in the Defendant University's "town square" or anywhere else on campus without being
18 verbally or physically assaulted by the Campus Terrorists, as well as the Campus Terrorists'
19 student supporters lulled in by the false sense of security afforded to them by the Defendant
20 University's "appeasement" policy of coddling the Campus Terrorists. Jewish Students and
21 Faculty were touched without their consent and spat on by the Campus Terrorists if they dared to
22 cross into the Encampment. Their fear was and still is genuine and palpable. The fear was and is
23 made worse by the Defendant University's encouragement of the offensive conduct for weeks on
24 end before finally taking steps of remediation.

25 52. Alternatively, Jewish Students and Faculty were told by the Defendant University to work
26 remotely from home, or remain in their offices or dorms for their "own safety." Classes and
27 commencement exercises were cancelled as the Defendant University continued to appease,
28 coddle and negotiate with the Campus Terrorists. Jewish Students and Faculty, (including the

1 Plaintiffs herein) were not allowed to attend classes as usual or give lectures or grade papers on
2 site and could not walk safely to class or their offices on campus without being assaulted by the
3 Campus Terrorists. (See **Exhibit “A”**)

4 53. Meanwhile, other Hamas-leaning and supporting faculty members hired by Defendant
5 University to abide by DEI and other quotas continued to encourage students attending classes to
6 participate in the chaos and disruption created by the Campus Terrorists by offering such students
7 extra credit and better grades for participating, all with the knowledge and consent of the
8 Defendant University.

9 54. Plaintiffs are regularly exposed to pro Hamas propaganda and posters “calling all students,
10 faculty and staff to “attend” pro Hamas rallies on USC campus property, such as Bovard Hall.
11 These “Pro- Hamas” rallies, endangering plaintiffs, Jewish students and Jewish professors and
12 faculty, are encouraged by and acquiesced to by Defendant university.

13 55. At all times herein mentioned, the Defendant University also knew or should have known
14 that nearly half of the Campus Terrorists creating, managing and equipping the Encampment and
15 causing the harm to Jewish Students and Faculty, creating the chaos and disruption and
16 overtaking the Defendant University’s buildings and property, were and still are in fact paid
17 outside agitators rather than genuine students attending classes at the Defendant University who
18 were and are instigated and funded by wealthy Democrat Party donors and radical Democrat Left
19 Wing political action groups, including the Rockefeller Brothers Fund, Tides Center, Soros
20 Foundation and Popular Front for the Liberation of Palestine (“PFLP”), all done under the
21 Defendant University’s watchful eye. (New York Post, various articles, April – May 2024).

22 56. Far from “peaceful protests” and the “free speech” narrative promulgated by the
23 Democratic Party-controlled media, Democrat congressmen and the Democrat Party itself, the
24 dangerous hate-filled, violent, and antisemitic speech included rote comments repeated ad
25 nauseum through megaphones that were so offensive to any Jew that it offends them to hear it,
26 eliciting memories of the Holocaust and October 7, 2023 – slogans that include “Death to Israel”
27 (the only **Jewish** nation state in the world and a common refrain of Iranian fanatics and their
28

1 proxies), and not surprisingly, “Death to America.” Violent, hate-filled speech is not only
2 offensive and hurtful, it is dangerous and not protected by the First Amendment.

3 57. Defendant knew about the antisemitic nature of these alleged student groups yet
4 encouraged them by providing offices on campus and soliciting funding on their behalf from the
5 United States under USAID and other agencies that the Trump Administration’s “DOGE” unit
6 recently found was riddled with fraud, waste and abuse.

7 58. The purpose and intent of the Campus Terrorists was not to peacefully protest but to
8 terrorize, intimidate, assault, and shame Jewish Students and Faculty members and interfere with
9 their right to freely travel to and from classes, offices, and otherwise accessing other facilities at
10 the Defendant University by threats, intimidation, and coercion. All of this was done to harm
11 Jewish Students and Faculty members and create the equivalent of a hostile work and educational
12 environment, *with the knowledge, consent, encouragement and blessings of the Defendant*
13 *University.*

14 59. USC knew that soliciting and inviting radical left-leaning Jew-hating professors and
15 lecturers to campus would create chaos, dissention and the violence and harm that in fact
16 occurred.

17 60. USC allowed Anti-Semitic organizations to use its professional platforms and e-mail
18 addresses to spew Jew-hating anti-Zionist Hamas propaganda that USC knew or certainly should
19 have known would incite chaos, violence and property destruction that occurred on campus.

20 61. The Campus Terrorists’ purpose was encouraged, and aided and abetted by the Defendant
21 University. The Defendant University invited Hamas-supporting groups to speak at USC
22 notwithstanding the rampant antisemitism spewed by such groups; encouraged Hamas-leaning
23 and -supporting faculty members to spew antisemitism and hatred of Jews and the State of Israel,
24 the only Jewish country in the world.

25 62. Defendant University allowed the Campus Terrorists to continue their anti-Semitic
26 campaign against the Defendant University’s large Jewish student body and faculty unabated
27 until April 24, 2024, when the Defendant University finally allowed the Los Angeles Police
28 Department (“LAPD”) to clear the Encampment and arrest 93 people on suspicion of trespassing,

1 reporting publicly that nearly half of the arrested mob members were not students attending USC
2 at all but rather paid and monied agitators funded by the democratic dark-money political action
3 groups identified herein above.

4 63. None of the offending students, Campus Terrorists, paid outside agitators or other
5 responsible parties, arrested or otherwise, suffered any consequences. Despite Defendant
6 University's belated call for the LAPD's belated intervention and the subsequent arrest of certain
7 parties, the offending Campus Terrorists were all released without bail to launch their attack
8 again, spurred on by outside agitators funded by the Rockefeller Center and other Jew-hating
9 organizations, such as Tides and George Soros. And the Defendant University has refused to
10 press charges or discipline offending students or faculty members, allowing antisemitism to exist,
11 fester and continue like a malignant cancer and spread throughout the Defendant University's
12 campus even after removal of the Jew Exclusion Zone. For example, as of May 7, 2024, Hamas-
13 supporting protests were continuing at the Defendant University's campus, under the
14 administration's watchful eyes, with Palestinian flags and students or outside supporters, sporting
15 Palestinian flags and other terrorist garb, including green Hamas headbands, sunglasses and the
16 traditional Keffiyeh – and of course, black and white Hamas facemasks and scarves to hide the
17 Campus Terrorists' identities. It is common knowledge that hiding identities is a hallmark of
18 terrorists and terrorism.

19 64. After the Jew Exclusion Zone was removed, students and outside vendors were allowed to
20 continue to send emails on University sponsored or permitted internet platforms to promulgate
21 Hamas and terrorist propaganda and flyers against Jews, Jewish students and Faculty to
22 encourage gullible students, faculty and other supporters to purchase Keffiyehs to wear and
23 display at individual department graduation ceremonies, all with the knowledge and
24 encouragement of the Defendant University. (Examples of such flyers and propaganda are
25 attached hereto as Exhibit "D" and incorporated herein by this reference).

26 65. As of the filing of this SAC, the Palestinian flag is still proudly displayed virtually
27 anywhere on campus by Keffiyeh and mask-wearing thugs, within sight of Figueroa Street, aided
28 and abetted by the Campus Terrorists with the knowledge, consent and encouragement of USC.

1 66. The Defendant University, one of America's leading universities, has for decades been
2 one of the worst centers of academic anti-Semitism in the United States. Since October 7, 2023,
3 when Hamas terrorists invaded Israel and slaughtered, tortured, raped, burned, and mutilated
4 1200 people – including infants, children, and the elderly – anti-Semitism at Defendant
5 University has been particularly severe and pervasive. Defendant University faculty and students
6 have openly lauded Hamas' October 7 atrocities as astounding, awesome, and great feats. Mobs
7 of pro-Hamas students and faculty have marched by the hundreds to Defendant University's
8 campus shouting antisemitic slogans, including calls for genocide, such as: Jews will not defeat
9 us; there is only one solution, intifada revolution; we will honor our martyrs; resistance is
10 justified; by any means necessary; from the river to the sea and in Arabic, from water to water
11 Galilee will be Arab.

12 67. These mobs have occupied Defendant University's buildings, promoted violence against
13 and restricted access to Jewish Students and Faculty members, caused cancellation of classes and
14 commencement exercises, and harassed and assaulted Jewish Students and Faculty members on
15 campus.

16 68. Jewish Students and Faculty members have been spat at and faculty physically assaulted,
17 threatened and targeted on campus and social media with epitaphs such as death to Jews.
18 Defendant University has helped promulgate antisemitism in its courses and dismissed and
19 intimidated students who object. What is most striking about all of this is Defendant University's
20 abject failure and deliberate refusal to act to stop and deter this outrageous antisemitic conduct
21 and discipline the students and faculty who perpetrated it. In fact, the Defendant University
22 encouraged the conduct by its appeasement policy in the face of hate speech, dangerous
23 misconduct in other actions that it knew or should have known would create the worst and most
24 insidious hostile antisemitic work environment.

25 69. The Defendant University's antisemitism manifests itself in a double standard insidious
26 to Jewish Students and Faculty members. Defendant University selectively enforces its policies to
27 avoid protecting Jewish Students and Faculty members from harassment, hires professors who
28 support anti-Jewish violence and spread antisemitic propaganda, and ignores Jewish Students and

1 Faculty pleads for protection. Defendant University permits students and faculty to advocate
2 without consequence, the murder of Jews and the destruction of Israel, the only Jewish country in
3 the world.

4 70. Plaintiffs and other similarly situated Jewish Student and Faculty members, and numerous
5 others have explicitly and repeatedly warned Defendant University that its severe and pervasive
6 hostile anti-Semitic environment harms Jewish Students and Faculty members. In fact, Defendant
7 University has been aware of its anti-Semitism problem for years, but its response has been
8 utterly ineffective and clearly unreasonable in tolerating and even enabling antisemitism.
9 Defendant University has abjectly failed to enforce its policies and discipline those responsible
10 for turning USC campus into a severely hostile environment for its Jewish Students and Faculty
11 members, including the Individual Plaintiffs and other similarly situated Jewish Student and
12 Faculty members. When, in clear violation of Defendant University's policies, a mob of students
13 overtook a campus building to further their antisemitic agenda, Defendant University's response
14 was not to remove and discipline them, but to enable them to conceal their identities by supplying
15 them with supplies and ammunition that the mob subsequently used against LAPD.

16 71. Defendant University's longtime practice when it comes to antisemitism—of refusing to
17 enforce its own policies against discrimination and harassment—ensured that Hamas' October 7
18 terrorist attack would enormously intensify the anti-Jewish abuse on campus. Shockingly,
19 numerous students and faculty members at Defendant University have openly endorsed Hamas
20 and the horrific October 7 massacre of Israelis it perpetrated even though: Hamas, since its
21 founding in 1987, has perpetrated numerous suicide bombings and other terrorist attacks against
22 civilians; Hamas vows to kill and destroy Jews and Israel; the U.S. State Department has
23 designated Hamas as a Foreign Terrorist Organization; and Hamas repeatedly proclaims its
24 determination to repeat the October 7 atrocities until its genocidal aims are achieved. Many of
25 Defendant University's students and faculty support Hamas and condemn Israel for defending
26 itself against Hamas' terrorist attacks—but they are never heard to condemn, let alone rally
27 against, anyone other than Israel and the Jews.

28 72. Subjected to intense anti-Jewish vitriol, including from their own professors and

1 Defendant University, the Individual Plaintiffs and other Jewish Students and Faculty members
2 have been deprived of the ability and opportunity to fully participate in Defendant University's
3 educational and other programs and have been placed at severe emotional and physical risk.
4 Defendant University's double standard extends to depriving Jewish Students and Faculty
5 members equal time to express contrasting pro-Jewish views. More importantly, Jewish Students
6 and Faculty are terrified about disclosing their pro-Israel stance for fear of violence or worse.

7 73. In short, Defendant University has permitted endemic antisemitism to exclude Jewish
8 Students and Faculty members from full and equal participation in, and to deprive them of the full
9 and equal benefits of, their educational experience at Defendant University, and has insidiously
10 discriminated against them by, among other things, failing to protect them in the same way
11 Defendant University has protected other groups all based on their race, ethnicity, religion,
12 citizenship, and/or national origin. That Defendant University has done so for many years and
13 continues to do so to this day further confirms that it has responded to antisemitism with at best
14 deliberate indifference, that Defendant University cannot be left to its own devices, and that its
15 response has been clearly ineffective and clearly unreasonable.

16 74. As alleged herein, Defendant University's actions, including its deliberate indifference to,
17 and indeed enabling of, anti-Semitism on its campus, constitute an egregious violation of
18 California's Bane, Unruh, and Ralph Civil Rights Acts (California Civil Code sections 51, 52.1
19 and 51.7) and created and continue to create a dangerous condition of public property. The "Jew
20 Exclusion Zone" and continued antisemitism on USC's campus also violates federal civil rights
21 laws, including 42 USC Sections 1983 and 1985. Plaintiffs are filing a motion for leave to file a
22 Third Amended Complaint to assert their federal claims concurrently with the filing of this SAC
23 because USC refused to stipulate to permit such claims without leave of Court.

24 75. Defendant University must now be compelled to implement institutional, far-reaching,
25 and concrete remedial measures. Defendant University must also pay damages to Plaintiffs—who²⁶
have been robbed of a healthy and safe college and graduate school experience. The Plaintiff
27 Faculty member and subclass were also deprived of the opportunity to work in an environment
28 free of hostility toward Jews. Regrettably, no amount of damages can ever fully compensate

1 Plaintiffs for the hostility they have been forced to endure as a consequence of Defendant
2 University's unlawful conduct.

3 76. Defendant University's administration exported their inadequate management skills and
4 style, including appeasing, enabling, encouraging, aiding, abetting, coddling and negotiating with
5 the Campus Terrorists and allowing the Campus Terrorists to repeatedly build and rebuild the
6 encampments to terrorize Jewish Students and Faculty. USC continues to encourage and enable
7 the Campus Terrorists to this day.

8 77. Pro-Hamas and Pro-Palestinian demonstrations continue to spread to California campuses,
9 including USC, and little has been done since the LAPD's removal of the Encampment to .
10

11 **INTRODUCTION AND FACTS RELEVANT TO ALL CLAIMS**

12 78. Plaintiffs incorporate herein by this reference each and every fact alleged herein above

13 79. In the spring of 2024 - fearful of demonstration sprouting up at other campuses,
14 repercussions from “diversity, inclusion and equity” (“DEI”) leaders and the cutting off of USC’s
15 public funding from the Hamas - supporting Biden administration (which was taking heat from
16 the public as a result of the October 7, 2023 Israeli Massacre) - the trustees of the University of
17 Southern California (“USC” or “Defendant University”) invited, encouraged, aided, abetted,
18 permitted, allowed, and subsequently appeased, enabled and negotiated with violent sword and
19 other weapon-wielding, Jew hating Hamas supporting, antisemitic campus terrorists (hereinafter
20 sometimes referred to as the “Campus Terrorists”) who infiltrated and overtook its Los Angeles
21 campus (the “Encampment” or “Jew Exclusion Zone”), setting up tents and trespassing,
22 occupying, denying access to and damaging USC property – all under the Defendant University’s
23 watchful eyes. (See Exhibit “A” hereto which is incorporated herein by this reference).

24 80. The Campus Terrorists’ intent and the avowed purpose of the Encampment or “Jew
25 Exclusion Zone” - clear to most reasonable persons with common sense - was to create and sow
26 division through acts of disruption, chaos, segregation and dissension on the defendant
27 University’s campus. Among other things, the Campus Terrorists sought to and in fact did disrupt
28 classes, overtook USC buildings and property, and most importantly, terrorized and victimized

1 blameless Jewish students and Faculty members in a reign of terror under the hoax, guise and
2 “cover” of engaging in peaceful protest activity to support fictitious victims of the Israeli
3 Government’s alleged “Palestinian Genocide.” While Hamas has been designated and declared a
4 “terrorist group” since October 1997, the Palestinian Genocide hoax and the protestors’ casting of
5 blame on all Jews was aided and abetted by USC’s appeasement of the Hamas-supporting leaning
6 groups that were perpetrating what was in essence an “occupation” of USC’s “Town Square.”
7 This occupation took place under the Defendant University’s watchful eyes. Plaintiffs were so
8 fearful for their lives and safety that they could not appear in the Defendant University’s Town
9 Square or anywhere else on USC’s campus without being verbally or physically assaulted by the
10 Campus Terrorists, as well as their student supporters, lulled in by the false sense of security
11 afforded to them by the Defendant University’s appeasement policy of coddling, encouraging and
12 negotiating with the Campus Terrorists. In short, Plaintiffs were excluded from or denied access
13 to the area of the Jew Exclusion Zone that they were formerly allowed to transverse because they
14 were Jewish unless they disavowed Zionism, as set forth herein. Plaintiffs were touched without
15 their consent and spat on by the campus terrorists if they dared to cross into the Encampment.
16 Their fear was and still is genuine and palpable. The fear was and is made worse by the
17 Defendant University’s encouragement of the offensive conduct for weeks on end before finally
18 taking steps of remediation.

19 81. Alternatively, Plaintiffs Jewish Students and Faculty were told by the Defendant
20 University to work remotely from home or remain in their offices or dorms for their “own
21 safety.” Classes and commencement exercises were cancelled as the Defendant University
22 continued to appease, coddle and negotiate with the Campus Terrorists. Plaintiffs were not
23 allowed to attend classes as usual or give lectures or grade papers on site as usual and could not
24 walk safely to class or their offices on campus without being going through the Encampment and
25 being assaulted and accosted by the Campus Terrorists. (See photo of Jew Exclusion Zone
26 attached hereto as Exhibit “A”). Meanwhile, other Hamas leaning and supporting faculty
27 members hired by defendant university to abide by DEI quotas continued to encourage students
28 attending classes to participate in the chaos and disruption created by the Campus Terrorists by

1 offering such students extra credit and better grades for participating, all with the knowledge and
2 consent of the Defendant University. Plaintiffs are regularly exposed to pro Hamas propaganda
3 and posters sent on USC's official "edu." internet platform "calling all students, faculty and staff"
4 to attend pro Hamas rallies on USC campus property such as Bovard Hall. These pro Hamas
5 rallies clearly endanger Plaintiffs and other Jews who visibly practice their religion, such as
6 wearing a Jewish Star or skull cap. These pro-Hamas rallies are encouraged by and acquiesced to
7 by Defendant University. (True and correct copies of flyers promulgating pro-Hamas propaganda
8 that was received by one of the named Plaintiffs during the relevant time period via USC's
9 internet platform is attached hereto as Exhibit "D").

10 82. At all times herein mentioned, the Defendant University also knew that nearly half of the
11 Campus Terrorists creating, managing and equipping the encampment or Jew Exclusion Zone,
12 causing the harm to Jewish students and faculty, creating the chaos and disruption and overtaking
13 the Defendant University's buildings and property - were and still are paid outside agitators rather
14 than genuine students attending classes at the Defendant University who were and are instigated
15 and funded by wealthy Democratic Party donors and radical Democratic Party left wing political
16 action groups, including the Rockefeller Brothers Fund, Tides Center, Soros Foundation and
17 Popular Front of the Liberation of Palestine ("PFLP). (*New York Post*, various articles, April –
18 May 2024). To make matters worse, the Trump Administration recently disclosed and announced
19 that taxpayer money to USAID – a federal agency whose funding was recently cut by the
20 "Department of Government Efficiency" ("DOGE") - funded many of the alleged "peaceful
21 protests" that led to the Jew Exclusion Zone at USC, including funds received by organizations
22 with offices on campus such as JFP and JVP.

23 83. Far from "peaceful protests" and the "free speech" narrative promulgated by the
24 Democratic Party controlled "Legacy Media," Democratic Congressmen and the Democratic
25 Party itself, the dangerous hate-filled, violent and anti-Semitic speech that USC condoned and
26 allowed included rote slurs against Jews repeated ad nauseam through megaphones (provided by
27 USC) that were so offensive to any Jew that it offends them to hear it, let alone to hear the words
28 published again on the evening news. Such words elicit memories of the Holocaust and October

1 7, 2023 - slogans that include “death to Israel” (the only *Jewish* nation state in the world and a
2 common refrain of Iranian fanatics and their proxies), and not surprisingly, “death to America”).
3 Violent, hate-filled speech or speech inciting harm, death or violence is not only offensive and
4 hurtful, it is dangerous, illegal and not protected by the First Amendment. USC knew this yet
5 aided and abetted the Campus Terrorists, allowing the Encampment to remain for weeks before
6 calling in the LAPD to remove it.

7 84. The Campus Terrorists’ purpose and intent was not to “peacefully protest” but rather to
8 terrorize, intimidate assault and shame Jewish students and faculty members and interfere with
9 their right to freely travel to and from classes, offices, and otherwise accessing other facilities at
10 the Defendant University by threats, intimidation and coercion. USC knew this was ongoing and
11 tolerated the conduct, doing nothing to stop it, aiding and abetting the Campus Terrorists by
12 negotiating with them and exercising what can best be described as an “appeasement” policy.
13 USC further aided and abetted the Campus Terrorists by stonewalling any intervention, providing
14 them with food, water bottles and other items used as projectiles and other acts of encouragement,
15 effectively “standing down” to the Campus Terrorists. The Campus Terrorists harmed Plaintiffs
16 with their, occupation, Jew Exclusion Zone and other acts to intimidate Jews and were
17 encouraged and invited to continue on with the occupation for weeks by USC and its policy of
18 appeasement. USC aided and abetted the Campus Terrorists by creating and encouraging the
19 equivalent of a hostile work environment, giving its blessings and allowing it to continue and
20 fester for weeks on end.

21 85. The Campus Terrorists’ purpose and intent was encouraged and aided and abetted by the
22 Defendant University. Among other things, the Defendant University invited Hamas-supporting
23 groups to speak at USC notwithstanding Hamas’s designation as a terrorist group by the United
24 States Government since October 1997 and the rampant anti-Semitism spewed by such groups;
25 encouraged Hamas leaning and supporting faculty members to spew and promulgate anti-
26 Semitism and hatred of Jews at the state of Israel - the only Jewish country in the world. As
27 alleged herein, the State of Israel and support for Israel is important to Plaintiffs’ religious beliefs,
28 some of whom have families with Holocaust survivors. USC’s appeasement further permitted,

1 aided, abetted and encouraged the Campus Terrorists and/or their supporters to paint swastikas
2 and other painfully offensive and hurtful comments on USC property during the occupation. (See
3 photo of swastika on USC property attached hereto as Exhibit "E"). Rather than punish or even
4 chastise those responsible for these antisemitic slurs, USC appeased and encouraged them
5 continue by actually listening to and considering their anti-Semitic demands.
6 (<https://wwwyoutu.be/v7ibgdWRMkg18YB6hwmzlo>). None of the offending students, Campus
7 Terrorists, professional paid agitators or other responsible parties - arrested or otherwise -
8 suffered any criminal consequences.

9 86. The Defendant university has refused and continues to refuse to press charges or
10 discipline offending students and allows the anti-Semitism to fester and continue by its lame and
11 anemic response, further enabling anti-Semitism to exist and spread through USC's campus even
12 after the removal of the Encampment or Jew Exclusion Zone. For example, as of May 7, 2024,
13 Hamas supporting protestors were continuing to protest violence and the eradication of Jews and
14 Israel at the Defendant University's campus, with Palestinian flags and students or outside
15 supporters sporting Palestinian flags and other terrorist garb, including green Hamas headbands
16 and the traditional Keffiyeh - and of course, black and white Hamas face masks and scarves to
17 hide the Campus Terrorists' identities. Concealing the identities of the perpetrators is an
18 essential element of intimidation and routinely employed by terrorists and terrorist organizations.
19 After the encampment was removed, students and outside vendors were allowed to send emails
20 on university sponsored or permitted to use Internet platforms to sell and encourage gullible
21 students, faculty and other supporters to purchase keffiyehs to wear and display at individual
22 department graduation ceremonies, all with the knowledge, consent and encouragement of the
23 Defendant University. As of the filing of plaintiffs first amended complaint in June 2024, the
24 Palestinian flag was still proudly displayed virtually anywhere, anytime on campus by Keffiyeh
25 and mask-wearing thugs, within sight of Figueroa Street. aided and abetted by the Campus
26 Terrorists and with the knowledge and consent of and continued encouragement by USC. (See
27 <http://wwwyoutu.be/XqbZtOuKVVo>).

28 87. Despite USC's belated call for LAPD's intervention, the offending campus terrorists were

1 all released without bail to launch their attack again - spurred on by outside agitators funded by
2 the Rockefeller Brothers, Tides, Soros Foundation and other Jew hating nonprofits and related
3 organizations.

4 88. USC - one of America's leading universities - has for decades been one of the worst
5 centers of academic anti-Semitism in the United States period since October 7, 2023, when
6 Hamas terrorists invaded Israel and slaughtered, murdered, raped, burned, and mutilated 1200
7 people - including infants, children, and the elderly - anti-Semitism at USC has been particularly
8 severe and pervasive. USC faculty and students openly lauded Hamas is October 7 atrocities as
9 astounding, awesome, and great feats. Mobs of pro Hamas students and faculty have marched by
10 the hundreds on USC's campus since October 7, 2023, shouting anti-Semitic slogans and calls for
11 genocide such as: "Jews will not defeat us; There is only one solution, intifada revolution; We
12 will honor our martyrs; Resistance is justified; By any means necessary; From the river to the
13 sea"; and in Arabic, "from water to water Galilee will be Arab."

14 89. These violent antisemitic thugs and mobs have occupied USC's buildings, promoted and
15 encouraged violence and harm against Plaintiffs, barred and restricted access to campus buildings
16 and facilities, caused cancellation of classes and commencement exercises, harassed and
17 assaulted Plaintiffs on campus and caused other harm to Plaintiffs as described herein.

18 90. Plaintiffs were spat at, physically assaulted, threatened and targeted on campus and via
19 social media with targeted epitaphs such as "death to Jews." USC helped to promulgate anti-
20 Semitism in its courses by inviting anti-Semitic lecturers to give lectures against the Jewish State
21 of Israel and dismissed and intimidated students who objected. What is most striking about all of
22 this is USC's abject failure and deliberate refusal to act to stop and deter this outrageous anti-
23 Semitic conduct and discipline the students and faculty who perpetrated it. In fact, USC
24 encouraged the conduct by its appeasement policy in the face of dangerous and violent hate
25 speech and other actions created and taken by the Campus Terrorists that it knew would create
26 the worst and most insidious hostile anti-Semitic work environment USC has ever seen on its
27 campus. The pervasive antisemitism at USC and the administration's failure to act has become
28

1 so pronounced that USC is just one of 10 college campuses that the United States Department of
2 Justice's Antisemitism Task Force chose to investigate for its failure to combat antisemitism on
3 campus when it announced the launching of its investigation on March 5, 2025. USC encourage
4 the conduct by its appeasement policy in the face of violent hate speech, dangerous misconduct as
5 described herein and other actions that it knew would create the worst and most insidious hostile
6 anti-Semitic work environment ever seen or experienced on campus hello.

7 91. USC's anti-Semitism manifests itself in a double standard insidious to Jewish students
8 and faculty members. USC selectively enforces its policies to avoid protecting Jewish students
9 and faculty members from harassment. For example, while USC permits students and faculty to
10 freely advocate without consequence or responsibility for the murder of Jews and destruction of
11 Israel - the only Jewish nation state in the world whose continued existence is of deep religious
12 significance to the Plaintiffs herein – it ignored and continues to ignore pleas for protection from
13 Jewish students and faculty members. USC also encourages continued antisemitism by hiring
14 professors and lecturers who support anti-Jewish violence and hatred and see as their purpose the
15 spread of anti-Semitic propaganda.

16 92. Plaintiffs and other similarly situated Jewish student and faculty members and numerous
17 others had explicitly and repeatedly warned USC and its administration that its severe and
18 pervasive and hostile anti-Semitic environment harms Jewish students and faculty members. In
19 fact, USC has been aware of its anti-Semitism problem for years, but its response has been utterly
20 ineffective and clearly unreasonable in that it continues to tolerate and enable anti-Semitism on
21 campus by virtue of its appeasement policy. USC has objectively failed to enforce its policies
22 and discipline those responsible for turning USC's campus into an “occupation” and “Jew
23 Exclusion Zone” by the Campus Terrorists and created and allowed them to create a severely
24 hostile environment for USC's Jewish students and faculty members, including the individual
25 plaintiffs herein and other similarly situated Jewish students and faculty. When a mob of students
26 and outside agitators overtook a campus building to further their anti-Semitic agenda, in clear
27 violation of USC's policies, USC's response was not to remove and discipline them but rather to
28 coddle and enable them through USC's “appeasement policy.” USC also allowed the Campus

1 Terrorists to conceal their identities by supplying them with supplies and ammunition that the
2 mob subsequently used against Plaintiffs and the LAPD.

3 93. USC's longtime practice when it comes to anti-Semitism – and of refusing to enforce its
4 own policies against discrimination and harassment - ensured that Hamas is October 7th terrorist
5 attack would enormously intensify the anti- Jewish abuse on campus. Shockingly, numerous
6 students and faculty members at USC have openly endorsed Hamas and the horrific October 7
7 massacre of Israelis it perpetrated even though: Hamas since its founding in 1987, has
8 perpetrated numerous suicide bombings and other terrorist attacks against civilians; Hamas vows
9 to kill and destroy Jews in Israel; the US state department has designated Hamas as a foreign
10 terrorist organization; and Hamas repeatedly proclaims its determination to repeat the October 7
11 atrocities until its genocidal aims are achieved. Many of USC students and faculty support Hamas
12 and condemn Israel for defending itself against Hamas's terrorist attacks - but they are never
13 heard to condemn, let alone rally against, countless other nation states. (See "Campus chaos and
14 anti-Israel rhetoric reveal stark failures of today's higher education")
15 (<https://www.foxnews.com/lifestyle/campus-chaos-anti-Israel-rehtoric-reveal-stark-failures-today-higher-education>).
16

17 94. Subjected to intense anti-Jewish vitriol, including from some of their own professors and
18 USC, the individual Plaintiffs and other Jewish students and faculty members have been deprived
19 of the ability and opportunity to fully participate in USC's educational experience and regular
20 USC programs in violation of Equal Protection and the First Amendment Establishment Clauses
21 and been placed at severe emotional and physical risk by virtue of the regular threats of violence,
22 death and related intimidation. USC's double standard extends to depriving Jewish students and
23 faculty members equal time to express contrasting pro Jewish viewpoints in violation of the First
24 Amendment.
25

26 95. In short, USC has permitted endemic anti-Semitism to exclude Jewish students and
27 faculty members from full and equal participation in - and to deprive them of - the full and equal
28 benefits of their educational experience at USC and to practice their faith freely on campus

1 without fear of repercussions from mobs like the Campus Terrorists. USC has invidiously
2 discriminated against plaintiffs by failing to protect them in the same way USC has protected
3 other groups based on their race, ethnicity, religion, citizenship and/or national origin. That USC
4 has done so for many years and continues to do so to this day shows deliberate indifference at
5 best and intent to discriminate against Jews at worst. This is confirmed by USC's anemic
6 response to the anti-Semitic mobs who overtook USC and its buildings and the enabling of the
7 encampment or Jew Exclusion Zone - which included de facto "passing guards" requiring
8 Plaintiffs and other Jews to disavow Zionism before gaining access. Pro- Hamas hate speech,
9 symbols and rhetoric existed for weeks and flourish still on campus. Regrettably, USC cannot be
10 left to its own devices to remedy the situation because USC's response and its appeasement policy
11 has been clearly ineffective and unreasonable.

12 96. As alleged herein, USC's actions, including its deliberate indifference to and enabling of
13 anti-Semitism on its campus and allowing the creation and maintenance of a Jew Exclusion zone
14 for weeks on end - constitute an egregious violation of California's Bane, Unruh and Ralph Civil
15 Rights Acts Prince California Civil Code section 51, 52.1 and 51.7. USC's actions also created
16 and continue to create a dangerous condition of public property, dangerous to Jews at least – on
17 its Los Angeles campus, which was a substantial factor in bringing about the discrimination,
18 damages, assault, battery and negligent infliction of emotional distress sustained by Plaintiffs
19 herein.

97. USC must now be compelled to implement institutional, far reaching, and concrete
remedial measures similar to the one imposed by Judge Scarsi on UCLA in the *Frankel* case.
(See Exhibit "B" hereto). USC must also pay damages to Plaintiffs, who have been robbed of
their college and graduate school experience and of the right to work and study in an environment
free from religious intolerance.

THE PARTIES

98. DOE JEWISH USC FACULTY MEMBER 2004. Individually And On Behalf Of All

1 Others Similarly Situated (“Plaintiff,” “Plaintiffs” or “Jewish Professor”) is and at all times
2 herein mentioned was a Jewish professor employed by and at USC. Much like a victim of sexual
3 abuse and assault, Jewish professor fears for Jewish professor’s life, liberty, safety and health as
4 well as the fear of a hostile work environment caused by the filing of this lawsuit - and in
5 particular, the risk to Jewish professor’s continued employment at USC if Jewish professor’s
6 identity is publicly disclosed, or if Plaintiff is “outed” by USC disclosed to Jewish Professor’s
7 boss or USC’s human resources department. Accordingly, Jewish professor is suing herein as a
8 doe plaintiff.

9 99. Jewish professor is suing herein individually and on behalf of all other USC Jewish
10 faculty members who are similarly situated.

11 100. The following is Jewish professor’s personal diary of the highly offensive, hateful,
12 hurtful, unequal and obnoxious conduct Jewish professor and other similarly situated Jewish
13 professors experienced and endured and continue to experience and endure at USC as a result of
14 the Campus Terrorists’ unlawful activity and as a result of USC's aiding, abetting,
15 encouragement, enabling, and participation in what was effectively “mob rule” at USC and the
16 creation of encampments and the Jew Exclusion Zone:

17 **Before October 7, 2023:**

18 101. I was aware of the US Department of Education's Office for Civil
19 Rights Title 6 investigation into allegations of anti-Semitism at USC after a Jewish student
20 resigned from her position as student government vice president in August 2020. She was being
21 targeted for discrimination because of her perceived Jewish identity. I was also aware of the anti-
22 Semitic student and faculty organizations, speakers, professors, and other hate mongers USC
23 invited on campus to lecture and allowed to flourish and grow who lectured about and were
24 known to spread Hamas propaganda and other dogma and ideology. Among the other lies
25 promulgated by such hateful organizations, speakers, professors and other hate mongers is their
26 specious claim that Israel - and the Jews that inhabit only a fraction of the only democratic, multi-
27 ethnic, religious and racial Jewish nation state in the world - are “oppressors” against the
28

1 “oppressed.” I come from a family of Holocaust survivors and victims and as a consequence the
2 continued existence of a Jewish nation state and the Nation of Israel are very important to my
3 personal religious beliefs. For my part I sees no “distinction” between antisemitism and anti-
4 Zionism – it is Jew hating by any name.

5 **After October 7, 2023:**

6 102. After October 7, I personally witnessed several incidents of students and other
7 individuals removing posters of kidnapped Israeli civilians who are and were being held in
8 hostage in Gaza.

9 103. In February 2024, three student groups, including Students for Justice in Palestine
10 (“SJP”) - held a vigil for Palestine and launched a “national divestment campaign,” calling on
11 USC to divest from Israel and saying “we know that USC is very complicit in violence.”

12 104. I have personal knowledge that complaints have been lodged against some
13 professors for allegedly promoting anti-Semitic and anti Zionist content online and a number of
14 Jewish students - particularly in the law and medical schools - have also publicly reported being
15 targeted with online harassment.

16 105. The level of anti-Semitism rose to unprecedeted levels in April 2024, when USC
17 President Carol Folt announced the nomination of Muslim student Asna Tabassum (“Tabassum”)
18 as USC’s 2024 valedictorian. USC knew or certainly should have known as alleged above that
19 Tabassum’s social media was replete with anti Israel propaganda and violent hate speech when an
20 e-mail was sent out by Provost Guzman to keep her as valedictorian yet not allow her to speak.
21 That was the turning point that led to the creation of campus anti Israel encampments and a level
22 of open Anti-Semitic vitriol that I have never previously experienced. Encampments – the
23 equivalent of “Jew Exclusion Zones” – sprung up all over the USC campus that required
24 disavowing “Zionism” and/or the “Palestinian Genocide” in order to pass. (A photo of one of the
25 “Encampments” depicting the “Jew Exclusion Zone” is attached hereto as Exhibit “A”). The
26 calls for “death to Israel, death to America, and even death to Jews, on USC’s campus were
27 growing in numbers and I could not get to my office without being barred and accosted by
28 protesters asking

1 me, "Are you a Zionist?" "Do you support the Israeli death war machine?" On May 3, 2024, I
2 was walking toward my office at USC when a group a visibly angry, scary and frightening
3 "protestors" approached me and asked me if I "Supported the Zionist baby killing entity" and
4 then spat on me. I endured this for about 3 weeks before deciding that I would not return to
5 campus again until this came to an end. What is all the more disturbing is the number of faculty
6 members who openly protest with the students and some even cancelling their final exams so the
7 students can protest daily.

8 106. I did try to get to my office on May 2nd, 2024 only to be accosted again crossing
9 Truesdale Parkway by thugs asking repeatedly if I "supported the Zionist entity." I refused to
10 engage. On the way back to my car, I was approached by a woman asking if I wanted to
11 participate in a "bake sale for Palestine" to help feed the children that Israel is intentionally
12 starving. I kept walking and refused to engage.

13 107. I feared for my safety and life in April – May 2024 and still entertain these fears as
14 a result of the Campus Terrorists' actions, not knowing whether or when another Encampment or
15 Jew Exclusion Zone will pop up on campus as a result of USC's appeasement policy and the way
16 it dealt with the Campus Terrorists, the Jew Exclusion Zone and still deals with antisemitism on
17 campus. There appears to be a continuing and growing anti-Semitism and terrorist threat on
18 campus, which makes me and other Jewish professors anxious and apprehensive. All the while,
19 USC continues to acquiesce to the flow and to appease, aid, abet, tolerate and encourage what has
20 become an anti-Semitic mob on campus that is gaining mass appeal.

21 108. The Holocaust in essence began at the universities in Germany when the Nazis
22 prevented Jewish students from entering the campus and then forced out the Jewish professors.
23 When our pathways are blocked and we are granted entry only when we attest that we do not
24 support Israel, how are we free to both express their Jewish identity and perform our jobs at
25 USC?

26 109. Plaintiff DOE JEWISH USC STUDENT 1987, Individually And On Behalf Of All

1 Others Similarly Situated (Plaintiff, Plaintiffs or “Jewish Student” or “Students,” depending on
2 the context) is and at all times herein mentioned was a Jewish student attending USC. Much like
3 a victim of sexual abuse and assault, Jewish student fears for Jewish students life, liberty, safety
4 and health as well as the hostile educational environment caused and created by the filing of this
5 lawsuit. In particular, Jewish Student is fearful of the risk to her continued attendance at and
6 graduation from USC if Jewish student’s identity is publicly disclosed, or if Plaintiff is “outed”
7 by USC.

8 110. Plaintiff Jewish student is suing herein individually and on behalf of all others
9 similarly situated.

10 111. The following is Jewish student’s personal diary of the highly offensive, hateful,
11 hurtful and obnoxious conduct Jewish student and other similarly situated Jewish students
12 experienced and endured and continue to experience and endure as a result of the Campus
13 Terrorists and of USC's aiding, abetting, encouragement, enabling and participation in the
14 antisemitic mob's rule at USC:

15 112. I don't travel to campus very often because I'm a hybrid physical therapy student at
16 USC's Health Science campus. But when I do commute, it is for several consecutive days and I'm
17 there at 8:00 AM to 10:00 PM for 7 to 8 days, in class, studying, and practicing skills with
18 classmates.

19 113. It used to be very safe and we would travel to and from and walk all around
20 campus, from the parking lot, to CHP building and the Hyatt Hotel for more studying and meals.

21 114. On April 2nd, USC President Carol Folt announced Asna Tabassum (“Tabassum”)
22 as the undergraduate valedictorian. As part of this honor, she was to give a speech at the
23 upcoming commencement.. Upon recognition, it was mentioned that she was majoring in
24 biomedical engineering and minoring in “resistance to genocide.”

25 115. On the surface this sounded great. An uprising against genocide of any group of

1 people is a positive thing period. However, anti Israeli protesters have been using this term to
2 justify the acts of October 7th. They claim that the act of rape, murder, torture and taking hostage
3 was their “resistance to genocide.”

4 116. The “narrative” encouraged by USC and its faculty is offensive and hurtful to
5 Jews and paints all Jews in one broad brush as favoring genocide with respect to Palestinians. I
6 have Holocaust survivors in my family and the independent State of Israel and its continued
7 existence is very important to me and significant with respect to my religious beliefs. I similarly
8 see no distinction between anti-Semitism and anti Zionism - by any name it is the hatred of Jews
9 and the Jewish State of Israel.

10 117. The valedictorian (Tabassum) has published several statements advocating for “the
11 complete abolishment of the state of Israel” on the grounds of “ethnic cleansing and apartheid.”

12 118. It is shocking that someone with such strong anti-Semitic beliefs would be chosen
13 by USC's administration and the trustees for such a high honor as valedictorian. USC knew or
14 certainly should have known the turmoil it was creating by such a poor choice. The community
15 pushed back and voiced concern about what this anti-Semitic, venom-spewing and hate speaking
16 and writing represents as valedictorian of 2024. This concern was likely fueled by both social
17 media and the ongoing conflict in the Middle East. Regrettably and to the detriment of the other
18 Jewish students and me, USC and the trustees and President Folt ignored the public uproar.
19 Encampments and “Jew Exclusion Zones” were allowed to continue after April 29, 2024 and
20 continued through at least May 5, 2025, as confirmed by an article published in “Deadline” by
21 Bruce Haring, *USC Pro-Palestinian Encampment Cleared Again By Police:*

22 “Encampments at USC have now been established and taken down three times,
23 resulting in restricted access to the university. Disturbances grew in the wake of
24 USC's decision not to let a pro-Palestinian [and pro-Hamas] valedictorian speak at its
25 main graduation ceremony.”

26 111. On April 15, 2024, USC announced (in e-mail) that Asna was to remain valedictorian, but
27 would no longer speak at commencement.

1 112. While that should have been the end of it, when I began traveling to and from campus I
2 had encountered several posters on our building doors that read and stated, "#Let Asna Speak."
3 The posters had the same picture from the original newsletter that claimed she was valedictorian
4 with her major and minor. In that moment, I recognized and grew fearful that I could no longer
5 feel safe on campus without USC's intervention and the implementation of systemic and
6 institutional changes.

7 113. The anti-Semitism allowed to pervade USC is no longer a problem isolated to the
8 undergraduate or the main campus - it is now spread to all aspects of USC life, philosophy and
9 policy and it's frightening to Jewish students like me and others similarly situated.

10 114. USC now suffers from a pandemic of hate with respect to Jewish students attending the
11 university and Jewish faculty members alike, as well as other similarly situated Jewish Plaintiffs
12 herein who can no longer freely exercise their faith and ethnicity, or act like or be themselves out
13 of fear of reprisal. The anti-Semitism has also become systemic at USC's graduate campus.

14 115. On April 17, 2024 I received another e-mail - this time from one of our own professors at
15 the department of physical therapy. The email asked everyone in the department to sign a
16 petition to allow Asna to speak. It also attached a message from Asna to the students of USC and
17 the same picture of her from the original newsletter. She stated in her letter that USC's Provost
18 had mistreated her and didn't give her a complete answer on why they would not allow her to
19 speak. In fact, the Provost did not did explain it was due to security and safety of the community.

20 116. On April 18, 2024 I received another e-mail from the same professor. It read "USC silent
21 march for Asna. When USC silences Asna they are silencing all of us. Show up in support of
22 Asna and demand USC let her speak at commencement. Wear a hoodie and mask to symbolize
23 the institutional silencing Asna is experiencing."

24 117. I am informed and believe that USC and the trustees knew or should have known about
25 these hurtful emails, since they were sent using USC's official "edu," internet platform.

1 118. I could not believe what I was reading. Now I'm being harassed by my own department -
2 the community in which I'm supposed to dedicate my time and energy to has abandoned me and
3 the whole Jewish community.

4 119. I couldn't understand how USC and my department would support her after all the hate
5 speech she published.

6 120. I'm the only Jewish student in my entire class and I felt like I had to keep it a secret. I
7 didn't want to have a target on my back or deal with anyone strong opinions during an already
8 stressful week of finals.

9 121. That same day, a classmate (who I knew was Jewish) asked me what my opinion was on
10 the topic of USC's decision to take Asna's speech away. I felt unsafe once again even among
11 friends. Do I speak my truth and hope we are on the same page or do I brush it under a rug and
12 avoid the topic just to keep some sense of peace in my class? USC's decision still had a big
13 impact on Jewish students lives.

14 122. Unfortunately, to maintain a sense of normalcy and maintain relationships in school, I had
15 to and still have to keep my opinions and identity to myself.

16 123. Ironically USC prides itself on diversity, equity and inclusion. By failing to protect its
17 Jewish students and leaving them to fend for themselves among the riots created by the Campus
18 "Terrorists," multiple Encampments, "Jew Exclusion Zone" and illegal occupation of school
19 property USC failed to abide by its own standards.

20 124. USC's failure to condemn anti-Semitism and its appeasement policy provides "cover" for
21 hate mongers like Asna and justifies her antisemitic behavior. Accordingly, Jewish student's fear
22 and anxiety is real and justified.

23 125. USC is a California private benefit corporation controlled by its Board of Trustees.

24 **CLASS ACTION ALLEGATIONS**

25 126. This is a Class Action originally filed in the Los Angeles County Superior Court and
26 pursuant to the provisions of Code of Civil Procedure section 382, which is patterned after Rule
27 23 of the Federal Rules of Civil Procedure. The case was removed to federal court on July 8,

1 2024 and is now governed by Rule 23. Rule 23 and Section 382 both say substantially the same
2 thing, namely:

3 “[W]hen the parties are numerous, and it is impracticable to bring them all before
4 the court, one or more may sue or defend for the benefit of all.”

5 (California Code of Civil Procedure section 382).

6 127. Plaintiff DOE USC FACULTY MEMBER 2004, Individually And On Behalf Of All
7 Others Similarly Situated (“Plaintiff,” “Plaintiffs” or “Jewish Professor”), sues in Jewish
8 professor’s individual capacity as a Jewish USC professor who suffered damages, harm and was
9 stigmatized as a result of USC’s conduct, and as a representative on behalf of all others similarly
10 situated Jewish professors.

11 128. Plaintiff DOE JEWISH USC STUDENT 2004, Individually And On Behalf Of All Others
12 Similarly Situated (“Plaintiff,” “Plaintiffs” or “Jewish Student”), is a Jewish USC student who
13 sues in Jewish student’s individual capacity as a Jewish USC professor who suffered damages,
14 harm and was stigmatized as a result of USC’s conduct, and as a representative on behalf of all
15 others similarly situated Jewish students.

16 129. Both subclasses are ascertainable and sufficiently numerous. Jewish Professor is informed
17 and believes that there are over 7,000 full-time Jewish USC faculty members and that a
18 substantial number of them are similarly to Jewish Professor. Plaintiff Jewish USC student is
19 informed and believes that there are over 3,000 full-time Jewish USC students and that a
20 substantial number of them are similarly situated to Jewish student.

21 130. The Jewish professors and faculty members and Jewish students share the same common
22 interests of wanting to be safe and free from Campus Terrorists and antisemitism on campus and
23 safe and free from other harm including stigmatization, status discrimination, religious
24 discrimination, assault, battery and other general damages.

25 131. Plaintiffs also have the common interest of enjoying their freedom of travel, access and
26 passage, and freedom to practice of their religion without discrimination or discriminatory
27 practices, or fear of reprisal from USC-sponsored Campus Terrorists. It remains to be seen what
28

1 the Campus Terrorists would have done or would do in the future if USC again tolerated the
2 creation of encampments or other “Jew Exclusion Zones.”

3 131. Judicial economy and efficiency will be served by treating and certifying this matter as a
4 class action given the numerosity of plaintiffs in each subclass, common issues of fact and law
5 and related common issues.

6 **RELIEF NEEDED**

7 132. As set forth above, USC knowingly allowed violent activists to establish a Jew exclusion
8 zone on USC's campus for several days during the spring quarter in 2024.

9 133. Defendants had the ability to disband the encampment, which violated stated USC
10 university policies, but instead chose to allow it to persist in flagrant violation of Plaintiffs'
11 constitutional rights.

12 134. USC had the ability to order USC police and private security officers to help Jewish
13 students obtain equal access to campus, but did not and instead reinforced the exclusion zone.
14 Intimidating protest groups remain interested in reestablishing their encampment in the near
15 future, have publicly stated their desire to do so, and have recently attempted to do so, as
16 evidenced by the outrageous and violent protests taking place at Columbia and other East Coast
17 campuses as of the filing of this sack.

18 135. Plaintiffs have been harmed by USC's previous allowance of the Jew exclusion zone and
19 USC's campus and seek an order from this court or injunction to be able to continue their
20 educational and professional pursuits on campus in peace and freedom.

21 136. To know that they will be safe on campus, be free to exercise their religion, and receive
22 the equal protection of the laws, plaintiffs need an order or injunction requiring USC to ensure
23 that no Jew exclusion zone will be allowed in USC's campus, both during the pendency of this
24 case and beyond.

CLAIMS FOR RELIEF

Count I

VIOLATION OF CALIFORNIA'S BANE ACT (Civil Code section 52.1)

137. Plaintiffs incorporate by reference the allegations set forth in paragraphs 1 through 136 as if fully set forth at length herein.

138. Under the Fourteenth Amendment to the United states Constitution, a state shall not "deny to any person within its jurisdiction the equal protection of the laws."

139. The Equal Protection Clause prohibits discrimination on the basis of religion, race, and ethnicity.

140. USC has deprived Plaintiffs of equal protection of the laws, as secured by the Fourteenth Amendment, through a policy and practice that treats Plaintiffs differently than similarly situated individuals because Plaintiffs are ethnically and religiously Jewish. USC has knowingly allowed private individuals and outside agitators funded by donors who similarly fund on-campus political organizations that support the eradication of Jews, Israel and America to bar Jewish persons from parts of the USC campus because of their Jewish ethnicity and religion, while non Jewish persons are permitted access to all areas of campus. Indeed, USC affirmatively assisted these actions by hiring private security guards that reinforced the zone, refusing to enforce stated policies that prohibited the zone, and instructing law enforcement officers - including the LAPD - not to intervene.

141. USC furthered no legitimate or compelling state interest by engaging in this conduct.

¹⁴² USC's failed to tailor their actions narrowly to serve any such interest.

143. As a direct and proximate result of USC's actions, Plaintiffs have been injured by losing access to educational opportunities, losing access to library and classroom facilities, losing in-person learning opportunities, losing the ability to prepare for exams, losing the ability to grade exams or consult with students, being denied equal participation in the life of the university, suffering emotional and physical stress that has diverted time, attention and focus from study and work, and by other harms. As a direct and proximate result of the USC's actions, plaintiffs have suffered harm in the form of both general and special damages in an amount to be determined at

1 trial, including but not limited to compensatory damages, punitive damages and prejudgment and
2 post-judgment interest. Absent injunctive and declaratory relief against defendants, plaintiffs will
3 continue to be harmed by USC's actions.

4 144. All times herein mentioned, USC aided and abetted paid outside agitators and student
5 violent student protesters to cause plaintiffs to reasonably believe that if they exercised their right
6 to practice their religious faith and failed to denounce Zionist or baby killers and entered the Jew
7 exclusion zone the violence would be committed against them in light of the campus terrorists
8 apparent ability to carry out their threats and intimidation.

9 145. At all times here in mentioned, the Campus Terrorists acted violently against Plaintiffs to
10 prevent them from exercising their religious freedom in violation of the free exercise clause of the
11 United States and California constitutions.

12 146. Plaintiffs were harmed as a result of USC's actions and inaction, as more particularly
13 alleged here and above.

14 147. USC's conduct was a substantial factor in causing Plaintiffs' harm.

15 148. In light of the determination of that the United States District Court now has jurisdiction
16 over claims under California law that Plaintiffs originally filed in the Los Angeles County
17 Superior Court to avoid federal jurisdiction, Plaintiffs are filing a motion for leave to amend this
18 SAC and file a Third Amended Complaint ("TAC") concurrently herewith. The purpose of
19 Plaintiffs' motion for leave to amend is to assert claims under federal law and in particular, claims
20 under 42 USC 1983 (Equal Protection Clause, First Amendment, Establishment Clause, Status
21 Discrimination and Conspiracy) based on the same set of facts and circumstances as the facts and
22 circumstances alleged herein.

23 **Count II**

24 **VIOLATION OF CALIFORNIA'S UNRUH CIVIL RIGHTS ACT**
25 **(Civil Code sections 51, 52)**

26 144. Plaintiffs incorporate by reference the allegations set forth in paragraphs 137 through 143
27 of this SAC as if fully set forth at length herein.
28

1 145. Under the Fourteenth Amendment to the United States Constitution, a state shall not
2 “deny to any person within its jurisdiction the equal protection of the laws.”

3 146. The Equal Protection Clause prohibits discrimination on the basis of religion, race, and
4 ethnicity.

5 147. USC has deprived Plaintiffs of equal protection of the laws, as secured by the Fourteenth
6 Amendment, through a policy and practice that treats Plaintiffs differently than similarly situated
7 individuals because Plaintiffs are ethnically and religiously Jewish. USC has knowingly allowed
8 private individuals and outside agitators funded by donors who similarly fund on-campus political
9 organizations that support the eradication of Jews, Israel and America to bar Jewish persons from
10 parts of the USC campus because of their Jewish ethnicity and religion, while non Jewish persons
11 are permitted access to all areas of campus. Indeed, USC affirmatively assisted these actions by
12 hiring private security guards that reinforced the zone, refusing to enforce stated policies that
13 prohibited the zone, and instructing law enforcement officers - including the LAPD - not to
14 intervene.

15 148. USC furthered no legitimate or compelling state interest by engaging in this conduct.

16 149. USC's failed to tailor their actions narrowly to serve any such interest.

17 150. As a direct and proximate result of USC's actions, Plaintiffs have been injured by losing
18 access to educational opportunities, losing access to library and classroom facilities, losing in-
19 person learning opportunities, losing the ability to prepare for exams, losing the ability to grade
20 exams or consult with students, being denied equal participation in the life of the university,
21 suffering emotional and physical stress that has diverted time, attention and focus from study and
22 work, and by other harms. As a direct and proximate result of the USC's actions, plaintiffs have
23 suffered harm in the form of both general and special damages in an amount to be determined at
24 trial, including but not limited to compensatory damages, punitive damages and prejudgment and
25 post-judgment interest. Absent injunctive and declaratory relief against defendants, plaintiffs will
26 continue to be harmed by USC's actions.

27 151. All times herein mentioned USC aided and abetted paid outside agitators and student
28 violent student protesters to cause plaintiffs to reasonably believe that if they exercised their right

1 to practice their religious faith and failed to denounce Zionist or baby killers and entered the Jew
2 exclusion zone the violence would be committed against them in light of the campus terrorists
3 apparent ability to carry out their threats and intimidation.

4 152. At all times here in mentioned, the campus terrorists acted violently against plaintiffs to
5 prevent them from exercising their religious freedom in violation of the free exercise clause of the
6 United States and California constitutions.

7 153. Plaintiffs were harmed as a result of USC's actions and inaction, as more particularly
8 alleged here and above.

9 154. USC's conduct was a substantial factor in causing Plaintiffs' harm.

10 155. In light of the determination of that the United States District Court now has jurisdiction
11 over claims under California law that Plaintiffs originally filed in the Los Angeles County
12 Superior Court to avoid federal jurisdiction, Plaintiffs are filing a motion for leave to amend this
13 SAC and file a Third Amended Complaint ("TAC") concurrently herewith. The purpose of
14 Plaintiffs' motion for leave to amend is to assert claims under federal law and in particular, claims
15 under 42 USC 1983 (Equal Protection Clause, First Amendment, Establishment Clause, Status
16 Discrimination and Conspiracy) based on the same set of facts and circumstances as the facts and
17 circumstances alleged herein.

18 154. As a result of USC's actions and inactions described above, USC denied, aided and incited
19 a denial of discrimination and made a distinction that denied full and equal accommodations,
20 advantages, facilities, privileges and services to Plaintiff Students in violation of the Unruh Act.

21 155. A substantial motivating reason for USC's conduct was its perception that Plaintiffs'
22 religion for religious beliefs were a substantial motivating reason for USC's conduct. Plaintiffs
23 were harmed. USC's conduct was a substantial factor in causing Plaintiffs' harm.

24 **Count III**

25 **VIOLATION OF CALIFORNIA'S RALPH CIVIL RIGHTS ACT**
26 **(Civil Code section 51.7)**

27 156. Plaintiffs incorporate by reference the allegations set forth in paragraphs 144 through 155
28 of this SAC as if fully set forth at length herein.

157. At all times herein mentioned, USC aided, abetted, assisted, encouraged, and participated with the Campus Terrorists in creating the Encampments and “Jew Exclusion Zone,” and continued to appease the Campus Terrorists during their occupation and siege of USC’s Town Square.

158. The Campus Terrorists threatened to commit violent acts and destroy property and in fact did commit violent acts against Plaintiffs or their property and harmed them, as alleged herein above.

159. As alleged herein above, a substantial motivating reason for USC's conduct and inaction was because of Plaintiffs' religious beliefs.

Count IV

NEGLIGENCE

160. Plaintiffs incorporate by reference the allegations set forth in paragraphs 156 through 159 as though fully set forth at length herein.

161. At all times herein mentioned, USC had a duty to protect Plaintiffs from harm, provide a school and educational experience where its students and faculty alike will be safe on campus, be free to exercise their religion, and receive the equal protection of the laws. USC also had a duty to take due care and avoid creating a dangerous condition on its public property.

162. Despite having this duty, USC was negligent in knowingly allowing violent activists to establish a Jew Exclusion Zone on USC's campus for several days during the spring quarter in 2024 in flagrant violation of Plaintiffs' constitutional rights.

163. USC had the ability to disband the encampment, which violated stated USC university policies, but instead chose to allow it to persist.

164. USC had the ability to order USC police and private security officers to help Jewish students obtain equal access to campus, but did not and instead reinforced the exclusion zone.

165. Intimidating protest groups remain interested in reestablishing their encampment in the near future, have publicly stated their desire to do so, and have recently attempted to do so, as

1 evidenced by the outrageous and violent protests taking place at Columbia and other East Coast
2 campuses as of the filing of this SAC.

3 166. As a direct and proximate result of USC's actions and inaction, Plaintiffs have been
4 harmed.

6 **Count V**

7 **NEGLIGENT INFILCTION OF EMOTIONAL DISTRESS**

8 167. Plaintiffs incorporate by reference the allegations set forth in paragraphs 160 through 166
9 as though fully set forth at length herein.

10 168. At all times herein mentioned, USC had a duty to protect Plaintiffs from harm, provide a

12 free to exercise their religion, and receive the equal protection of the laws. USC also had a duty
13 to take due care and avoid creating a dangerous condition on its public property.

14 169. Despite having this duty, USC was negligent in knowingly allowing violent activists to
15 establish a Jew Exclusion Zone on USC's campus for several days during the spring quarter in
16 2024.

17 170. USC had the ability to disband the encampment, which violated stated USC university
18 policies, but instead chose to allow it to persist.

19 171. USC had the ability to order USC police and private security officers to help Jewish
20 students obtain equal access to campus, but did not and instead reinforced the exclusion zone.

21 172. Intimidating protest groups remain interested in reestablishing their encampment in the
22 near future, have publicly stated their desire to do so, and have recently attempted to do so, as
23 evidenced by the outrageous and violent protests taking place at Columbia and other East Coast
24 campuses as of the filing of this SAC.

25 173. As a direct and proximate result of USC's actions and inaction, Plaintiffs have been
26 harmed and suffered serious emotional distress, including suffering, anguish, fright, horror,
27 nervousness, grief, anxiety, worry, shock, stress, humiliation, loss of self esteem, stigmatization
28 and shame.

Count VI

BREACH OF CONTRACT

174. Plaintiffs incorporate by reference the allegations set forth in paragraphs 167 Through 173 as though fully set forth at length herein.

175. At all time here and mentioned, USC had a contractual duty to all plaintiffs to provide a campus and educational and work experience free from having to experience daily, violent pro-Hamas activists perpetrating a siege, taking over and occupying USC property, creating encampments to bar Jews and denying access to USC property by Plaintiffs unless they disavowed Zionism and other facets of their Jewish faith.

176. Performed plaintiffs performed all of the contractual duties they were required to perform except for those excused by virtue of USC's non performance.

177. USC breached its contract by failing to provide a safe campus that did not discriminate against Jews.

178. As a direct and proximate result USC's breach of its contract, plaintiffs have been
damaged in an amount to be shown at the time of trial in accordance with proof.

Count VII

ASSAULT

179. Plaintiffs incorporate by reference the allegations set forth in paragraphs 174 Through 178 as though fully set forth at length herein.

180. At all time here and mentioned, for the reasons herein above, USC aided, abetted and encouraged violent protests to continue at USC unabated for days on end and allowed the Campus Terrorists to acted violently and threaten Jewish Students and Faculty by excluding any Jewish students and faculty from entering the Jew exclusion zone who did not disavow Zionism or other facets of their Jewish faith, threatened to throw projectiles at Plaintiffs - including water bottles – if they dared enter the exclusion zone and subsequently used water bottles as weapons against anyone who in fact did enter without the proper passwords or code.

190. At all times herein mentioned, plaintiffs reasonably believed that they were about to be touched in a harmful or offensive manner. Towards that end, Plaintiff Jewish Professor 2004 was actually spat on by one of the campus terrorists. 192. At all times herein mentioned, it reasonably appeared to Plaintiffs that the Campus
Terrorists were about to carry out the threat.

193. Plaintiffs did not consent to the Campus Terrorists' offensive and threatening conduct.

194. Plaintiffs were harmed as a result of USC's conduct and inaction.

195. USC's conduct and inaction was a substantial factor in bringing about such harm.

Count VIII

BATTERY

196. Plaintiffs incorporate by reference the allegations set forth in paragraphs 179 Through 195 as though fully set forth at length herein.

197. At all time here and mentioned, for the reasons herein above, USC aided, abetted and encouraged violent protests to continue at USC unabated for days on end and allowed the Campus Terrorists to acted violently and threaten Jewish Students and Faculty by excluding any Jewish students and faculty from entering the Jew exclusion zone who did not disavow Zionism or other facets of their Jewish faith, threatened to throw projectiles at Plaintiffs - including water bottles – if they dared enter the exclusion zone and subsequently used water bottles as weapons against anyone who in fact did enter without the proper passwords or code.

198. Plaintiffs are informed and believe and thereon allege that Campus Terrorists touched certain Jewish Student Plaintiffs or caused them to be touched with the intent to harm or offend them.

199. USC knew that this would happen by virtue of its conduct, inaction and appeasement policy and allowed it to happen by its inaction and stonewalling.

200. Plaintiffs did not consent to the touching.

- 1 201. Plaintiffs were harmed or offended by USC's conduct.
2 202. A reasonable person in Plaintiffs' position would have been offended by the touching.

4 **Count IX**

5 **DECLARATORY RELIEF**

- 6 203. Plaintiffs incorporate by reference the allegations set forth in paragraphs 196 through 202
7 as though fully set forth at length herein.

10 Constitution, the Ralph Civil Rights Act of 1976, the Tom Bane Civil Rights Act, the Jess Unruh
11 Civil Rights Act, and federal civil rights laws including 42 USC 1983 and 1985 - whereas USC
